RENEWBELL / YOUR RENEWAL ROUTINE

Subscription tracker

A simple record of what you pay for, when it renews and what needs a decision.

Month / year: _____ Currency: _____ (use one currency per page)

Service / subscription	Price per charge	Billing cycle	Next renewal	Trial ends	Keep / cancel decision	Notes / provider

Before you fill it in

1. Check receipts and provider accounts. Do not assume the list in one app includes every subscription.
2. Enter the price per charge and billing cycle. Mark trial deadlines before the first paid charge.
3. Set a separate reminder. Cancel with the billing provider and confirm the result.
4. Review the list each month. Do not record card numbers, passwords or bank credentials.
